Bristol, Nov. 2.—The death list from drinking, it is said, wood alcohol procured from D. A. Bisbee's drug store was increased Sunday night two more victims, Aldice Jackman of South Lincoln and Wallace Hanmer of this village, died and about 9:30 this morning Ernest Duprey of New Haven, who was working in this village, also died, making the sixth victim.

Phila Tatro, Henry St. George, Cyrus Curry, Patrick Welch. Lester L. James and Francis McBride died this afternoon, swelling the list of dead to twelve. More deaths are expected. Charles Hines, Lewis Booska and George Booska are in a critical condition. Mor t' forty persons drank liquor from Bisbee's store, Late this afternoon Bisbee was taken to the county jail at Middlebury. Feeling here is very butter against Bisbee.

Charles Hines of Bristol, George Elliott and James Tomblin of Starksboro and John Agan of Monkton are also ill from drinking some of the same liquor.

The opinion prevails that Bisbee was under the influence of drugs or liquor Saturday and that he got hold of the can containing wood alcohol and sold that instead of grain alcohol. From the odor of the stuff some think it was wood alcohol and ether mixed. Others think that Ilisbee made the stuff, using wood alcohol as a base, because it was cheaper.

Of those who have died King leaves a widow; O'Bryan, a widow and four children, all grown up; Jackman, a widow; Hanmer, a widow and one son; Duprey was unmarried; Wakefield, relatives, if any, unknown; Welch, unmarried, leaves mother; lames, wife and daughter; Curry, unmarried, leaves mother. John Carl and Frank Turner were reported more comfortable

Bisbee has been in business in this village for many years. For many months past it has been common talk that much liquor was being sold in this village and it has been alleged that the stuff was of a decidedly poor quality. With the approach of election the supply of liquor has apparently increased and it has been generally understood that a considerable quantity of the beverage was of the kind known as "squirrel whiskey."
